ABOUT

We are a unique graphic design studio, born from a passion for the sea and technical diving. This profound knowledge of the underwater world allows us to create graphics and photographs that go beyond simple aesthetics: they capture the essence, beauty, and technicality of scuba diving.

VISION

Our experience as technical divers allows us to approach every project with a critical and competent eye, ensuring technical accuracy in graphic designs and the ability to capture the true soul of diving through our designs and photographs.

MISSION

- To provide commercial photography services that blend creativity, emotion, and authenticity for the brands.
- Creating meaningful and impactful graphic design visuals for the specific needs of the scuba diving world.
- To collaborate with clients to bring their vision to life

WORK EXPERIENCE

PHOTOGRAPHER

- Extensive experience in challenging environments
- Specialized in technical diving commercial photography
- Experience in some of the world's best diving destinations

GRAPHIC DESIGNER

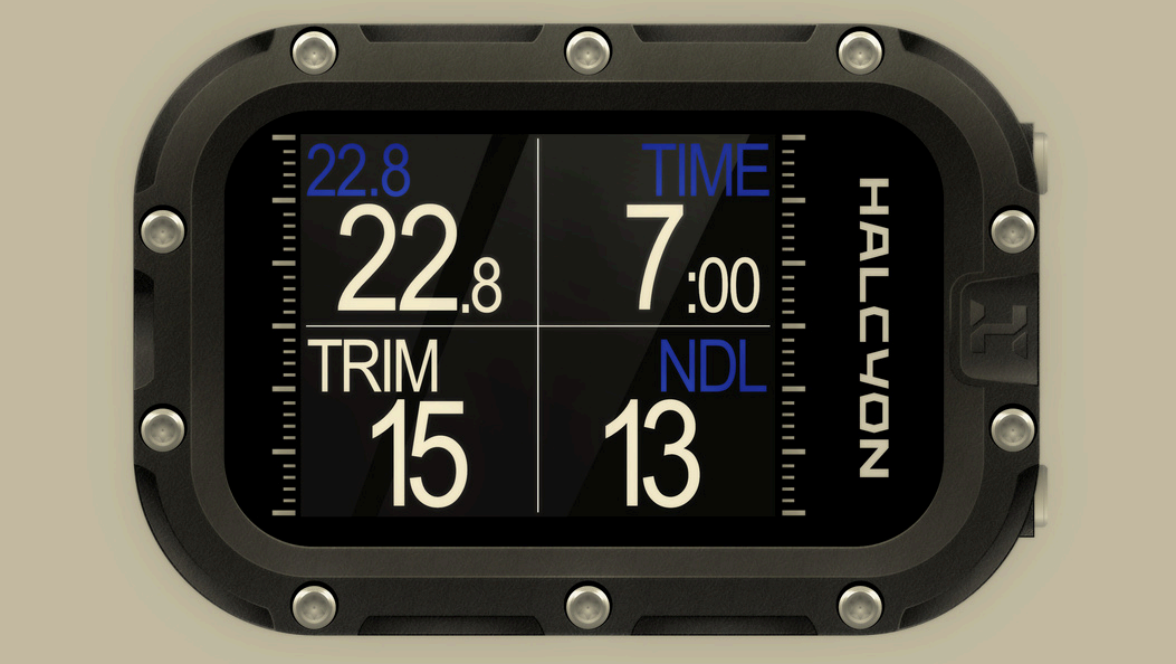

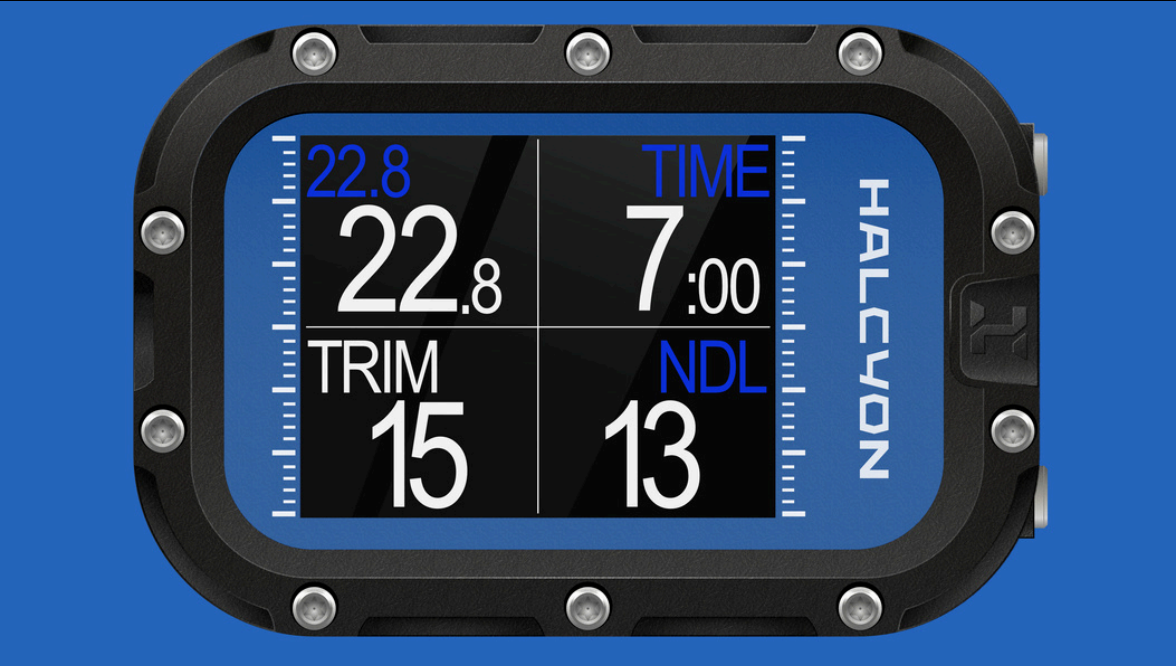

- more than 10 years of experience in the field
- successfully developed design of all sort graphic materials for diving companies and brand
- comprehensive experience in the complete management of visual communication

PORTFOLIO HIGHLIGHTS

GRAPHIC DESIGN

High quality digital vector mockup for the Halcyon Symbios computer. The mockup was used to create product informative and advertising materials.

GRAPHIC DESIGN

Selection of Web banner ads and Magazine ads created for Halcyon Dive System.
